

MODERNISATION

Australia's largest independent lift company
Established 1985

Tired and troublesome old lifts can be transformed to look and perform like new! No-one does it better than Liftronic!

Liftronic's expertise is often called upon to modernise lifts of all makes and sizes.

From simple make-overs of lift car and door finishes, to complete replacements. Our specialists, in-house designers and technicians can guide you through the entire process.

A Liftronic modernisation will provide a better experience for all the users of the lift. It will also improve the general buildings appearance and value. Modernised lifts are more reliable and often consume much less energy than lifts that are currently utilising outdated technology.

Benefits include

- Improved presentation
- Improved performance
- Improved Safety
- Compliance to new building codes
- Consume less energy
- Generates less heat, noise and vibration
- Huge range of finishes to choose from

Visit our website to discover our comprehensive range of elevators, escalators and moving walkways. www.liftronic.com.au

BEFORE

AFTER

Modernising lifts and escalators is a passion and specialty for the team at Liftronic. We have the unique skills, experience and resources needed to do it better than any other company.

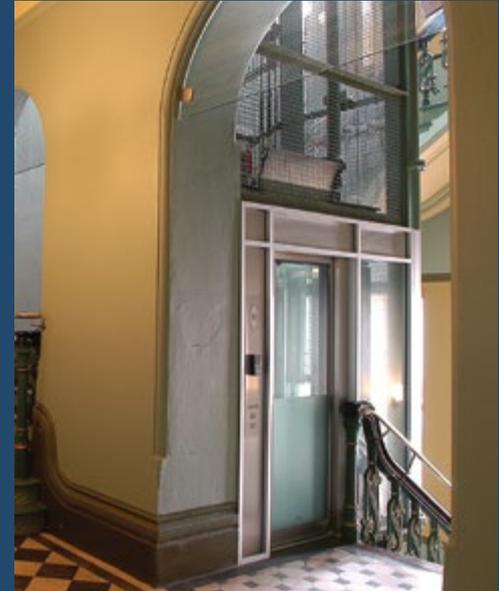

We can even assist with unsecured loans for Owners Corporations.

Imagine what we could do for the lift or escalator in your building?
