CORPORATE POLICY

ENVIRONMENTAL POLICY

Liftronic Pty Limited (Liftronic) is the largest fully owned and managed Australian lift and escalator company. Liftronic uses its experience and flexibility to supply, install, maintain, and refurbish vertical, horizontal and inclined transport systems.

Liftronic is committed to run an environmentally sustainable business by minimising environmental impacts directly or indirectly related to our processes, products and services. To achieve our environmental objectives, we have implemented an Integrated Management System, which complies with the environmental management system requirements of ISO 14001:2015.

To implement this policy Liftronic:

- Complies with relevant environmental legislation and regulations, and any relevant customer requirements
- Identifies environmental aspects and impacts and, wherever practicable, limits or eliminates any adverse impacts that are within our control
- Ensures, wherever feasible, the efficient use of resources such as water, gas and electricity, limiting and recycling waste
- Educates, trains and provides sufficient resources, so that all relevant parties understand environmental issues and the environmental effects of their activities
- Regularly monitors, audits and reviews our environmental objectives & performance to gauge compliance and promote continual improvement
- Develops and maintains operational procedures to minimise and handle any environmental emergencies should they occur

And all Liftronic employees and its sub-contractors:

- Undertakes tasks in accordance with relevant standard operating procedures and/or work instructions
- Proactively proposes ideas for reducing environmental impact
- Reports all environmental incidents, including near misses and assists with subsequent investigations and actions to reduce and eliminate impact to the environment
