

HOME LIFTS

Established 1985

Elegant European designs and the latest energy efficient technology in lifts suitable for new or renovated homes.

Liftronic's comprehensive range of Home Lifts offer solutions across the full spectrum of designs, specifications and budgets.

From luxurious finishes that complement the architecture of the most stately homes, to simple space-saving solutions for a modest budget.

Liftronic has the right Home Lift for every situation, with superior ride quality, low noise and heat emission, and the latest safety features.

Our vast experience, and national network of trained technicians provide peace of mind and value-for-money service for all our Home Lift clients.

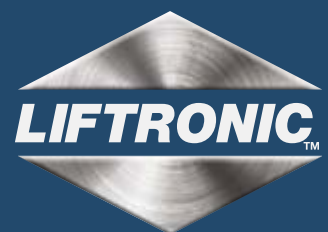

Features include

- With or without supporting structure
- Internal or external applications
- 100% Code Compliant
- Extensive choice of finishes
- Streamlined installation
- Low energy consumption
- Up to six stops
- Safety features standard
- Single or 3 Phase power available

Visit our website to discover our comprehensive range of elevators, escalators and moving walkways. www.liftronic.com.au

All our Home Lifts can be customised to suit any installation, and impose the minimal amount of structural intervention.
